

“Big Dreams Small Business” NEWS

“Big Dreams-Small Business”

The rollout of the FAST Small Business, Solutions Development Center (SDC) was held April 22 in GSA’s Heartland Region in Kansas City, Missouri.

The SDC is designed to maximize GSA business with the small 8(a) business community through the award and administration of IT contracts. The SDC also provides an opportunity for 8(a) certified small disadvantaged businesses to showcase their work to the Government; and by doing so, to accumulate a track record for work that will make them more attractive to private sector-

contracting activities as well as to other Government organizations. The focus of the day was on the theme, “Big Dreams-Small Business” with the premier of the SDC video, presentations by FTS management and DOD and small business success stories. Representatives from each of the GSA regions were present to meet and greet the MAIDIQ contract holders. Contract holders were also given an opportunity to showcase their business through the SDC catalog that was distributed to all attendees and by setting up displays. A variety of informational forums were held throughout the day. For more information, contact the SDC at the number listed below.
